22nd June 2020

Dear Parents,

Well done to all of our students for showing teamwork, co-operation and patience during the wet weather and while we wait for the additional playground space.

Comara Room Painting

This week the outside of the Comara Room is getting a spruce up. The area will have a safety fence around it.

Student Attendance

Thanks to everyone for letting us know about days away from school. We appreciate the promptness in which all notes are returned. It is a requirement of the Department of Education that parents let us know if their child is going to be away or has been away from school.

Keeping safe in Covid19 times

The staff appreciate the extra lengths parents are taking in regards to the distancing requirements we are following using the advice from the Department of Education. Please make sure you stay in your car or at least 1.5 metres away from others when picking up or dropping off your child. If you need to pick them up early, please contact us and we will make sure your child is waiting at the gate.

Lost property

A large number of items are being left both in the classrooms and playground. Please make sure your child's name is on each piece of clothing or lunchbox/drink bottle so we can ensure they are returned to the rightful owner.

Playground

There was some progress made around the rain last week. Most of the footpath is in and the pavers are ready to go. Hopefully we can get a few dry days for more action.

Reports

Student progress reports go out next week. They will not be in the same format you are used to due to the Covid19 restrictions and remote learning that we all had to deal with, but they will give up to date information on literacy and numeracy.

Have a great week,

Regards
Stephen de Roos

YEAR 6 FUNDRAISER

Our Year 6 students are beginning a fundraising campaign for their end of year dinner. To kick off their campaign they are hosting a pyjama day this Thursday, 25th June. All students are encouraged to come to school in their pyjamas and bring a \$2 donation. We can't wait!

Ms Miller

Commonwealth Bank student banking will restart from the start of Term 3. Our banking day is Monday. Please fill in your child's deposit details and send to school office on arrival at school. The deposits will be processed and books returned to students. If your child would like to start banking, please let Kerry know.

Last week, 3-4-5-6 were discovering how to make fractions with circles. After making halves, quarters, eighths and sixteenths we made some lovely fraction peacocks and one turtle. 3-4-5-6 did an amazing job with their designs!
